Under the Larsen Music umbrella, I specialise in providing my first class professional and reliable classical, jazz and lounge musicians for weddings, corporate functions and private events. You will deal directly with me, and I aim to make the music organisation part of your event planning as smooth as possible. I look forward to enjoying your special event with you soon.

Solo Cello and other strings

Larsen Music began with Anne-Lise performing solo cello at wedding ceremonies and events. The solo cello offers a classical music experience without the expense of a full string trio or quartet. As part of the solo cello wedding ceremony package, two songs can be arranged and performed by Anne-Lise at the client's request. String duo, trio and quartet also available with a large repertoire from famous classics through to lighter arrangements from The Beatles, Barbra Streisand and other contemporary music.

LL Cool Jazz (duo)

LL Cool Jazz is Anne-Lise Larsen on vocals and Scott Leishman on hollow bodied electric guitar. L is for Larsen, L is for Leishman... and well, it's cool jazz. A sophisticated and fun duo, Anne-Lise and Scott are seasoned musicians with over three decades of performing experience between them. Specialising in jazz standards (90% of their repertoire), LL Cool Jazz also plays a selection of contemporary popular songs from the likes of Adele and Amy Winehouse and a mixture of classic feel good soul and blues music from the 50s, 60s and 70s. Advance requests welcome.

Machiniso (lounge band)

Machiniso is a unique edgy lounge band playing original songs of lounge, jazz and blues. With the vibraphone leading the ultra-chill sound, Machiniso's style is catchy, sexy, sultry and driven by rhythm. A four piece with Anne-Lise Larsen on lead vocals, Scott Leishman on bass, Dave Smith on vibraphone and Rich Daddona on drums. Atmospheric and danceable too. Song titles include Lil Lethal Blues, Vampire Jazz and Jack It Up! Machiniso stops 'em dead in their tracks!
